

## Important Information!

### Dear parents,

Unfortunately, due to the corona pandemic and the illness of employees, we have to reduce the number of children in the groups. We have four levels:

#### **Level 1:**

Everything OK - all children can come!

#### **Level 2:**

Children can only come if at least one parent is employed!

#### **Level 3:**

Children can only come if both parents are employed!

#### **Level 4**

Only children whose parents work in systemically relevant professions can come!

You can also find out more about the current situation on our homepage (only in german):

Thank you for your understanding and please all stay healthy!

Sincerely yours
